

A STEP AHEAD December 2016

Online news, updates and information for friends of Building STEPS

Program Notes

- Our first community event, the film screening of "Why Not Us?" and panel discussion, was a terrific success. Guests mingled over light fare, learned from BSTEPS' supporter Scott Plank and his commitment to community, and now have a better understanding of first generation college students' challenges and opportunities.

Building STEPS graduates and panel participants pose after a successful discussion following the film screening.

- Building STEPS is grateful to **MileOne Heritage Toyota Catonsville and Owings Mills** for their \$20,000 donation through their charitable donations program. The funds will go towards programming for our Juniors and Seniors. Thank You!!
